Be sure it's secure.

## About Kubu

How many times have you thought...  
Have I locked my door?  
We've all been there!

With Kubu you'll never have to worry if your doors are unlocked again.

Kubu is a smart sensor that monitors your lock in real-time. Kubu will report and notify you of the status of your door (locked/unlocked) from the Kubu app on your phone.

With Kubu, say goodbye to uncertainty and hello to peace-of-mind.

**Be sure it's secure**

# What does the Kubu App do?

It lets you see the status of your door (locked/unlocked)

Get notifications with every turn of the key.

From any place in the world when connected to the internet.

You can schedule notifications when you want.

At any time, day or night.

It shows the history of your doors.

On all the doors in your home.

You can share your door with family and friends.

Gives you peace-of-mind wherever you are throughout the day.

Its geofence smart alert feature helps to prevent you from leaving your home unlocked.

## Kubu Kit

The Kubu Kit contains everything you need to activate one door. You will receive one home hub, one door sensor and 2020 coin cell batteries for your door sensor.

**Kubu Kit**  
**£99.99**

If you have more than one door with a Kubu lock installed, you will need to purchase an additional single door sensor per additional Kubu Equiped door you've had installed.

\* You can connect 4 door sensors to one home hub. Visit [www.kubu-home.com](http://www.kubu-home.com) to purchase your Kubu Kit and get started.

**Additional Door  
Sensors £29.99**

## How to activate your lock and install Kubu

To activate your door lock and benefit from its smart features, you will firstly need to visit the Kubu website and purchase a Kubu Kit [www.kubu-home.com](http://www.kubu-home.com).

Once you've received your Kubu Kit, follow the steps in your quick start guide to get set up.

Purchase your Kubu home hub and door sensor online

Fit the door sensor into your existing Kubu Equipped door lock

Plug in your Kubu Home Hub and connect to your wi-fi

Download the Kubu App and set up your doors

# Geofence Smart Alert

How does the geofence smart alert work?

Whether you're rushing out of the house to work or taking the kids to school, Kubu will prevent you from getting too far away from your home with your doors unlocked.

With the geofence smart alert reminding you that you've left your door unlocked, you'll simply be able to turn back home and lock your door again.

## Receive real-time notifications

With Kubu, you will always know the status of your door, whether it's locked or unlocked. No matter where you are, you can receive notifications right from the Kubu app on your phone, when connected to the internet or 4G.

Kubu allows you to track activity and receive real-time notifications whenever someone enters and exits your home, so you'll always know when someone is coming and going.

## Set schedules

The Kubu app allows you to set schedules for any time you want.

Simply pick a day and time when you'd like to be reminded of the status of your door and Kubu will send you a notification to let you know whether it's locked or unlocked.

If you'd like a reminder that your doors are locked at night, or if you want to check the kids have locked the door when they've come home from school; simply set up a schedule in the app and Kubu will send you a notification at that exact time and day.

## Check back through your history

Kubu allows you to check back through your door history. The app gives you a 7 day log of whenever someone has locked or unlocked your door.

With your door history, you will be able to see the time and date stamp of each time the door was locked and unlocked.

## Share Your Door

The Kubu App allows you to share doors with your friends and family, so everyone can benefit from knowing if their doors are secure.

Through the Kubu app, you can share your doors with up to four members.

For example, if you want to remind an elderly grandparent to lock their doors at night, simply ask them to share their doors with you. This will then enable you to see the status of their doors.

This feature allows the whole family to have peace-of-mind.

## The Kubu Home Hub

The Kubu Home Hub also acts as a visual indicator, so you can check whether your doors are locked or unlocked, simply by looking at the hub.

When the hub glows blue it indicates all of your doors are locked. If the hub glows orange, at least one of your doors is unlocked. You can then check the Kubu app and find out which door is unlocked.

## Keep to the traditional way of locking while still getting smart

Kubu allows you to keep to the traditional way of locking using a key, while still getting smart.

Kubu isn't an automatic lock, meaning the only way anyone can enter your home is by using a key.

With Kubu, you won't have to worry if you've lost your phone or had it stolen - your door will still be secure.

# Kubu Door Lock Guarantee

Your Kubu Door Lock has been designed and developed to work in perfect combination with the Kubu home hub, door module and app.

Why is the Kubu Equipped Door Lock so secure? It delivers the UK's largest hooks and centre dead bolt at 25mm, which makes for greater compression and security on a closed door. The Kubu Door Lock easily passes PAS 24 for security and is Secured By Design accredited.

The Kubu Door Lock automatically comes with a 10 year mechanical warranty.

However, if you want extra peace-of-mind, you can activate an additional 10 year and £1000 security guarantee. Meaning, if you get broken into due to a lock component failure, we will refund you up to £1000 on your home insurance excess. This additional guarantee can be activated online at: [www.kubu-home.com](http://www.kubu-home.com)

# Amazon Alexa Integrated

Kubu is not just a stand alone smart device, it integrates seamlessly into the home by communicating with your Amazon Alexa. You can easily add the Kubu skill to your Amazon Alexa account and be sure you are secure by simply asking a whole host of questions;

*"Alexa, ask Kubu if my doors are unlocked."*

*"Alexa, ask Kubu for the status of my front door."*

*"Alexa, ask Kubu when Front Door was last unlocked."*

## Your Life with Kubu

Your home security is incredibly important. We all lead busy lives where it's easy to forget simple every day actions like locking your doors.

Kubu is a smart and simple solution that will give you and your family guaranteed peace-of-mind.

Be sure it's secure
